25X1 9. [] With regard to the 21 March letter from Senator 25X1A
Symington to AID Administrator Hannah, [] [] 25X1A
said it had been suggested that Bill Sullivan, of State Department, and
25X1A [] appear before the Subcommittee on United States
Security Agreements and Commitments Abroad for Hannah. It was also
suggested the Agency provide AID with material which could be used as the
basis for response by these men to the questions posed by Symington in his
letter concerning CIA. I coordinated on a cable to the field to this effect
with the understanding that this proposal would be raised with Mr. Karamessines
and presumably by him with the Director.

25X1 10. [] Ralph Hutto, Senate Internal Security Sub-
committee staff, called to say they would be sending the Soviet intelligence
bibliographies to GPO for printing early tomorrow morning. He said he was 25X1A
alerting us in the event we would like to ride the jacket for copies which we
might want in excess of the 200 which we might obtain from the Subcommittee
supply (the jacket number is 68335). I passed this information on to []
25X1A [] CI staff, and told him arrangements should be made with GPO
today if we wanted to "ride the jacket" for additional copies.

25X1 11. [] Miss Val Fleischacker, in the office
of Representative Donald Fraser (D., Minn.), called on behalf of a constituent
who is trying to locate her son, [] believed to be in New 25X1A
Zealand, to inform him of his father's death. After checking with the Office
of Security, I informed Miss Fleischacker that we have no record of the
individual and suggested that she try the State Department. 25X1A

5. [] called and asked if we could arrange for several selected members of Congress or senior staff people to talk with the Intelligence Production Course members on the Hill on the afternoon of 10 April. He said they would also like Mr. Maury to speak to this group that morning, if this was possible. I told [] we would look into this and let him know what could be done.

6. [] In response to his call of yesterday, I called Eric Freedman, on the staff of Representative Charles B. Rangel (D., N.Y.), and told him that, while we did not vouch for the accuracy of all the information in the Moose/Lowenstein report of April 1971, he could find answers to some of the questions he had raised about activities in Long Tieng. I told him that anything further they might desire on this should be the basis of a request either to Chairman Hebert or to Mr. Frank Slatinshek, House Armed Services Committee staff. (Slatinshek had previously agreed with this response to Freedman's inquiry.)

8. [] Met with Senator Milton Young (R., N. Dak.) whom I briefed on significant intelligence developments over the past three weeks including items concerning a short-range Soviet missile system, a Soviet bomber, certain sensitive Soviet research facilities, ChiCom submarines, a type of Soviet aircraft, and the Y-class submarine.

Senator Young said he was aware of no particular interest or concern in the Senate regarding the Jack Anderson revelations []

9. [] Met with Dorothy Fosdick, of Senator Jackson's staff, and briefed her on recent developments of intelligence significance (see preceeding item).
